1.5 Software Installation

Start your PC as usual, then plug in ST USB Modem to any spare USB port on your system. Windows will report that it has found a new hardware and will open the *Add New Hardware Wizard* reporting that it searches for the new drivers for an *Unknown Device*.

Click on the *Next* button.

Windows will propose to search for the best drivers for your device.

Atlantis Land Web Runner USB

Click on the *Next* button. Insert Atlantis Web Runner USB Modem software CD-ROM.

Select *Specify a Location* the *Add New Hardware Wizard* window and click the *Browse* button. If installing from CD-ROM, specify the *drivers* directory when asked for (D:\driver\WebRunnerUSB\WinXP-2000 or WinME or Win98).

The *SmartLink driver for USB Modem* will be proposed. Click on the *Next* button. Windows will build a database for this device.

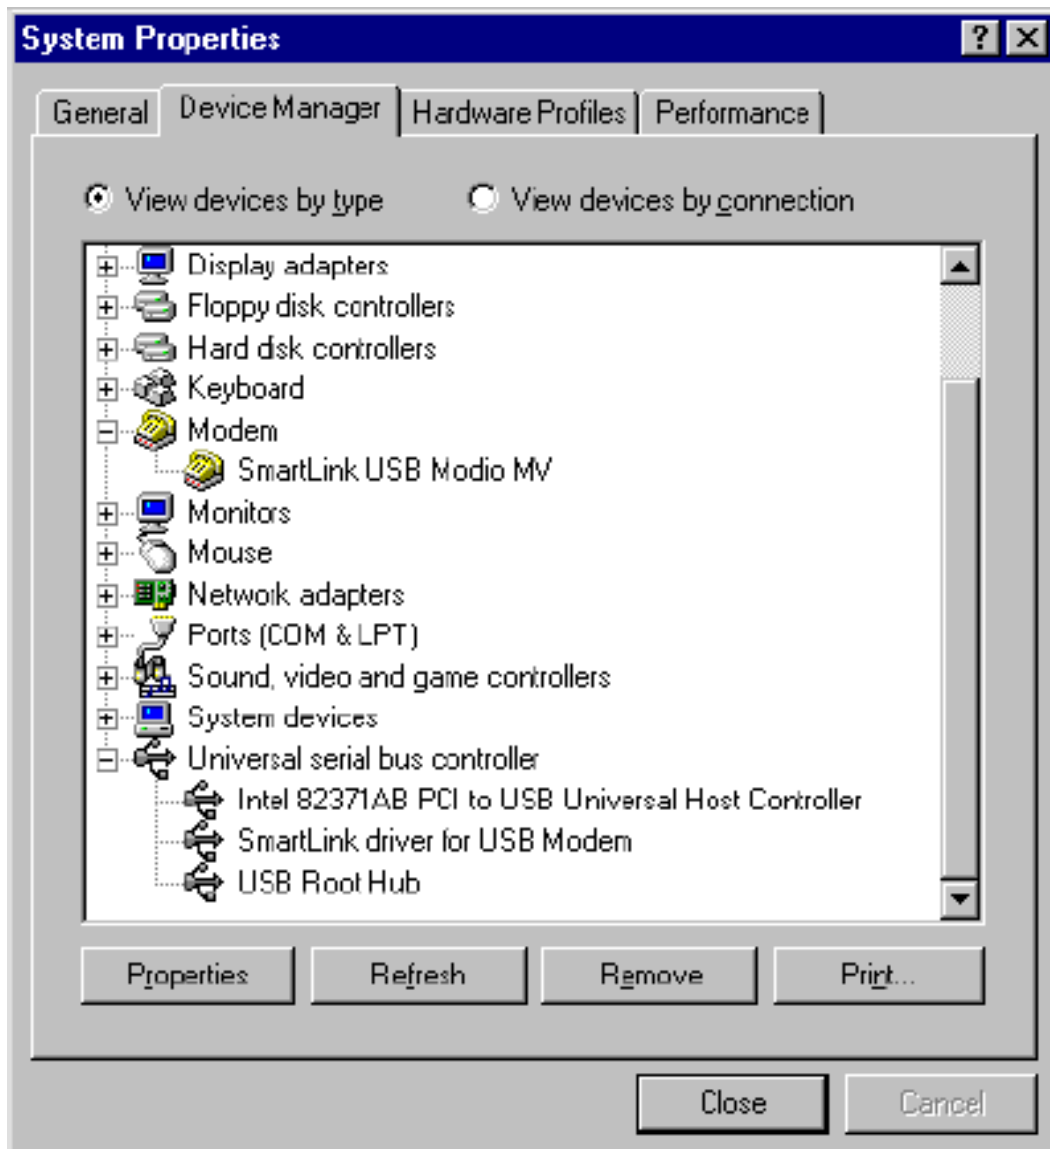

Click again on the *Next* button to finish the installation of the USB driver.

Windows will then detect again a *New Hardware* and will install the Modem drivers.

At the end of this installation process, the *Device Manager* panel of the *System Properties* will show the addition of *SmartLink USB* in the Modem section and *SmartLink driver for USB Modem* in the USB section:

Atlantis Land Web Runner USB

Finally, double click on the *SmartLink USB* and choose the *modem* folder as shown below.

In the *Configuration* section you can choose the country that you are calling from. This way you can take the ST USB modem and be able to dial from any country world wide.

1.6 Fax Talk

The Web Runner USB is able, thanks to the software FaxTalk furnished in endowment and to her technical characteristics, to become a versatile tool that allows the same time the send / receive Fax and it allows to emulate the use of a sophisticated answering machine. Once launched the Setup you will have indeed to choose the language and then you will be proposed a list of installed modem on the PC (to choose SmartUSB, if you have different of it). it will immediately begin the recognition of the characteristics of the modem. Such trial is automatic entirely, you won't have to do anything else other than to wait for some second. Finished the installation you will be asked to restart the SO. Launching the icon Fax Talk Communicator you will be sent in the main window of the program.

Atlantis Land Web Runner USB
